Staff:

I value my enjoyment of XM radio. Please do not allow the NAB to decide what I will and will not be able to receive on XM. In my opinion, the small amount of local traffic and weather content is in NO way a threat to any local broadcasters. Please reject the NAB's petition 04-160.

Thank you for taking public comment, and thank you for your attention to this matter.

Sincererly,

Brian Henry
Plainview Tx.
